To find the proper Sharp drivers (Mac)

1) Go to www.Sharpusa.com

2) On the top right side of the screen, click on the 'Support' link

3) At the Support page, click the link for 'Product Drivers & Downloads' under the Business Products Support column.

4) From the drop-down tab for 'Product Category', select 'MFPs'. When you do, the page will forcibly refresh.

5) From the drop-down tab for 'Product', select the MFP model '<u>SHARP MX-6071'</u>. Like the above tab, once you select the model, the page will refresh again.

6) From the drop-down tab for 'File Type', select 'Drivers and Utilities'. This time, the screen will not refresh, and you can just click the 'Search' button.
